

## Rent Car Kefalonia – Directions to collect your car from Kefalonia Airport

After leaving the airport of Cephalaria (ARRIVALS area), turn right and continue for about 200 meters. As soon as the road begins to rise and before reaching the Ikarus bar/café (on your right), turn slightly downhill to the right (you should already see the first sign indicating "Rent Car Kefalonia"). Continue for about 50 meters. On your left, you will see a small road (you will also see another sign for "Rent Car Kefalonia"). Take the road, continue for about 100 meters and you have arrived.

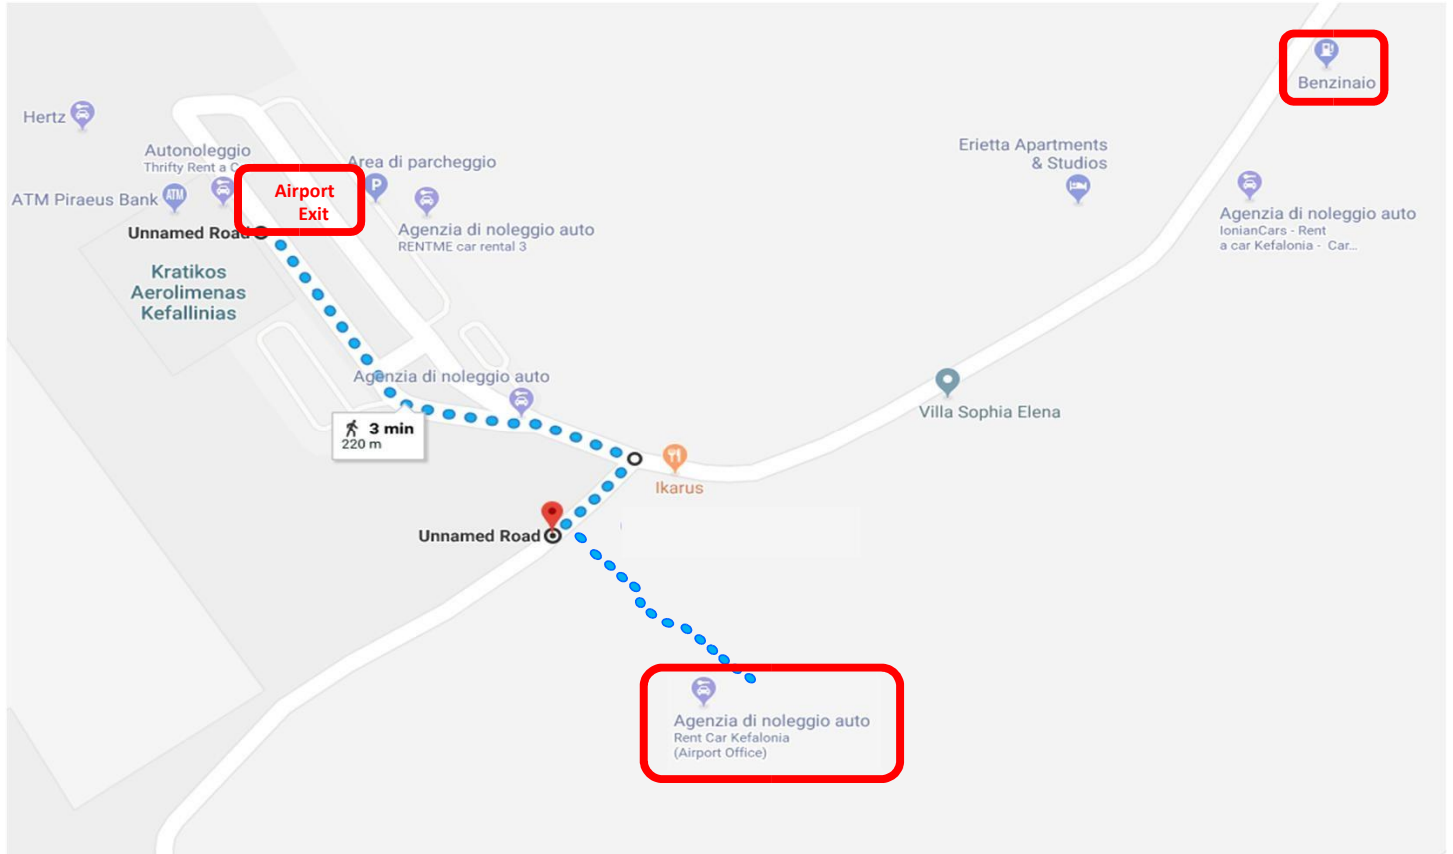

Tip: if you are not traveling alone, leave someone at the airport with your luggage, pick up the car and pick up people and things later.
